

New Flesh

Grendel

Rapid degradation, trapped in the network
Social stimulus of man through machine
Without authority, a manifestation
A raging kernel of an outspoken breed

Cortex combined
The systems connected
Neural floodgates
The melding proceeds

Senses entwined
The merging of vision
Neural floodgates
The melding proceeds

Low life
High tech
The vectors in control
Long live the new flesh

Low life
High tech
Raising the mortal coil
Long live the new flesh
