

## New Flesh

Grendel

Rapid degradation, trapped in the network  
Social stimulus of man through machine  
Without authority, a manifestation  
A raging kernel of an outspoken breed

Cortex combined  
The systems connected  
Neural floodgates  
The melding proceeds

Senses entwined  
The merging of vision  
Neural floodgates  
The melding proceeds

Low life  
High tech  
The vectors in control  
Long live the new flesh

Low life  
High tech  
Raising the mortal coil  
Long live the new flesh
