

# Don't Do Me No Good

Gretchen Wilson

Don't do me no good  
Don't do me no good  
Don't do me no good  
To sit around and cry  
That's just wasted time

'Cause I know it ain't right  
Yeah I know it ain't right  
To sit around all night and  
Let your memory get the best of me

I could dig a hole and crawl inside  
Where the hurt won't show  
And the sun won't shine

But that won't help my heart to heal  
Or take away this pain I feel  
Lord knows I'd be diggin' if it would but it

Don't do me no good  
Don't do me no good  
Don't do me no good at all

Well I'm thinkin' I might  
Yeah you know I just might  
Get out tonight  
And tear up this old town  
Burn Mr.A down  
I could drown myself in misery  
Swallow all that's left of you and me

But that won't help me say goodbye  
To all these long and lonely nights  
Was 'em down with whiskey if it would but it

Don't do me no good  
Don't do me no good  
Don't do me no good at all

Oh I could roll I know  
Tryin' to let you go come on

Don't do me no  
Don't don't don't  
Don't do me no  
Don't Don't Don't  
Don't do me no good at all

Don't do me no  
Don't don't don't  
Don't do me no  
Don't don't don't  
Don't do me no good at all

Don't do me no good  
Don't do me no good  
Don't do me no good at all

Don't do me no good  
Don't do me no good  
Don't do me no good at all
