

He Ain't Even Cold Yet

Gretchen Wilson

Look at her
My God she's dancin'
Out there romancin'
In her new lover's arms
If he were here
To see how she's actin'
If he could hear her Laughin'
It would brak his broken heart

'Cause he ain't even cold yet
The tears haven't dried yet
It's not written in stone yet
As far as he's concerned
He ain't even cold yet
The fire's still burnin'
She laid his love to rest
Showin' no regrets
Lord, Heain't even cold yet

If he found out
Lord, It would kill him
'Cause he's still livin'
In yesterday
Whoever tells him
That she's not grieven'
Would just be leavin'
Flowers on his grave

She laid his love to rest
Showin' no regrets
And he ain't eve cold yet
