

## He Ain't Even Cold Yet

Gretchen Wilson

Look at her  
My God she's dancin'  
Out there romancin'  
In her new lover's arms  
If he were here  
To see how she's actin'  
If he could hear her Laughin'  
It would brak his broken heart

'Cause he ain't even cold yet  
The tears haven't dried yet  
It's not written in stone yet  
As far as he's concerned  
He ain't even cold yet  
The fire's still burnin'  
She laid his love to rest  
Showin' no regrets  
Lord, Heain't even cold yet

If he found out  
Lord, It would kill him  
'Cause he's still livin'  
In yesterday  
Whoever tells him  
That she's not grieven'  
Would just be leavin'  
Flowers on his grave

She laid his love to rest  
Showin' no regrets  
And he ain't eve cold yet
