

# I'm Only Human

Gretchen Wilson

Somehow I knew you'd just slipped off the ring  
When you walked up and pulled up a chair next to me  
You told me your name with your hand on my knee  
Boy what are you doin'

I've known some pretty wild men in my life  
Take it from me honey you ain't that type  
I'm doin' my best here to do what is right  
But I'm only human

Ever admitted you're hangin' around  
The lonely in me keeps on  
Wearin' me down  
If you only knew what I'm  
Thinkin' right now  
Boy you're makin' me crazy  
I'm wantin' you baby what are you doin' I'm only human

Boy you're makin' me crazy  
I'm wantin' you baby  
What are we doin' I'm only human

So reach in them jeans Boy  
and put on that ring  
The one that you think  
you've been hidin' from me  
If you don't mind would you  
Hurry up please  
I'm only human  
Boy I'm only human
