I've Been in Love

Gretchen Wilson

I've been right, I've been wrong
I've been weak, I've been strong
I think it's time I thought about moving on
Oh, baby, can't you see?
I've been in love too long, yeah

This time tomorrow
I'll be getting on a plane
I'll be flying free again
Can't let no sorrow
Be getting in my way, no baby
You almost got to me, yeah
But there's too much
Of the world to see
You will find someone else
But I can't fool myself

I've been right, I've been wrong
I've been weak, I've been strong
I think it's time I thought about moving on
Oh, baby, can't you see?
I've been in love too long

I've been smart, been a fool
Played the game by the rules
When you wake up in the morning
Hey I'll be gone
Ain't nothing that you done, no no
Just been in love too long

We had our moments
But the time is ticking by
Gotta get back to my life
That wind keeps blowing
I'm gonna spread
My wings over everything
I've had some times with you, yeahh
But it's too long overdue
Sweet baby, sleep tonight
´Cause I can't live a lie

I've been right, I've been wrong
I've been weak, I've been strong
I think it's time I thought about moving on
Oh, baby, can't you see?
I've been in love too long

I've been smart, been a fool
Played the game by the rules
When you wake up in the morning
Hey I'll be gone
Ain't nothing that you done, no no
Just been in love too long

Ain't nothing personal, lover
Ain't got no eyes for another
My heart just cannot be smothered

Don't you know I gotta get up and go
Get up and go, hey
Doo doo doo doo doo, mmm

I've been smart, been a fool
Played the game by the rules
When you wake up in the morning
Hey I'll be gone
Ain't nothing that you done
I've been in love too long

Ain't nothing that you done, no no
I've been in love too long

Don't you know I gotta get up and go
Get up and go, hey
Doo doo doo doo doo, mmm

I've been smart, been a fool
Played the game by the rules
