

# When It Rains

Gretchen Wilson

When it rains I pour a couple more rounds  
Till the hurtin' and the heartache start to drown  
I turn out the light I turn up Dwight and I lock my door when i  
t rains, when it rains, I pour

When life ain't going my way and I can't take one more day of g  
ray  
Hey it's okay  
I don't need a dose of Dr. Phil  
I don't need your make it all better pill when I'm low  
Don't you know don't you know

I don't have to have a girls night out  
Or runaround with a rowdy crowd to get down Whiskey bent and he  
ll bound  
When I feel like I ain't got a friend I just call on my old bud  
dy Jim  
Again and again I like him

Oh don't you know  
When it rains  
When it rains  
I pour
