

Holding You

Grey Daze

Endless hopes, well
That's too bad
Smile happy
Enjoy my pain
Hoping I can find
What we never had
Never holding you
It makes me
Bridge
100% is where it lies
Behind the tide
Inside the ocean
Inside you ocean
Frozen is the present past, oh
Made of stone, but breaks like, so
Take me now to where I want to go
Thoughts astray but who will know
In a dream it seems
Just to hold my hand
Shaking the release
Stop me,
Stop me if you can
