

Football

Greyson Chance

I've been playing football in my head
I've been patiently waiting for this game to end

I've been tackling it with my mind
I've been waiting for you to come around
I've been waiting for a... for a touchdown

Bright lights turn up the night
But I'm stuck here in the dark
But I'll be there
But I'll be there

Bright lights passing me by
But I'm stuck here on the words
I'll never leave ya
I'll never leave ya

And colors fly, colors fly, colors fly

I've been playing football in my head
I've been patiently waiting for this game to end

I've been tackling it in my mind
I've been waiting for you to come around
I've been waiting for a... for a touchdown

Colors fly, colors fly, colors fly
You and I, you and I, you and I
We're forever young and wild

Colors Fly, colors fly, color fly
You and I, you and I, you and I
We're forever young and wild

I've been playing football in my head
I've been tackling it with my mind

I've been waiting for you to come around
I've been waiting for a... for a touchdown
