

# Little London Girl

Greyson Chance

I shut the door  
And I step outside  
It's close to midnight  
And the fog is in  
And the street lights

With the sound of Big Ben  
It reminded me  
It was only yesterday  
When we first met in that cafe  
And our worlds entwined.

Ooooh don't you know?  
I'm gonna shout it from the rooftops now, baby  
I'm ready to go.  
Ooooh don't you know?  
It doesn't matter if the sun is going down on me  
You light my world  
My little London girl.

Sunglasses on  
You take me to Camden Town  
As you share your headphones  
With the Kinks and the Rolling Stones.

As you walk around  
In your leather boots  
All the boys are staring  
But you're not caring  
'Cuz you're so rock and roll (so rock and roll)  
Woahhh...

Ooooh don't you know?  
I'm gonna shout it from the rooftops now, baby  
I'm ready to go.  
Ooooh don't you know?  
It doesn't matter if the sun is going down on me  
You light my world  
My little London girl.

(Yeah) You light my world (5x)  
...worldddd  
Ooooh don't you know?  
We're gonna shout it from the rooftops now, baby  
Are you ready to go?  
Ooooh don't you know?  
You light my world  
My little London...  
Girllll don't you know?  
I'm gonna shout it from the rooftops now, baby  
I'm ready to go.  
Ooooh don't you know?  
It doesn't matter if the sun is going down on me  
You light my world  
My little London girl.
