

## Stars

Greyson Chance

Started to cry as the doctor told me,  
She was going to leave us tonight  
So I stifled my tears and I went into her room  
And to my surprise, she has a twinkle in her eye.

She said, "I know that I'm leaving you behind.  
"But don't worry, I'll be fine.  
"I will be behind the blue sky.  
"Among those beautiful stars."

Cuz' in the sky, you're so high.  
There are beautiful stars which shine the night.  
She'll be dancing in the clouds and she'll be singing in the rain.  
Among those beautiful stars.

Cuz' in the sky, you're so high.  
There are beautiful stars which shine the light.  
She'll be dancing in the clouds and she'll be singing in the rain.  
Among those beautiful stars.

I held her hand as she went.  
She drew her last breath.  
And the tears started flowing out again  
And I went to the window and I opened it.  
And there she was; she was shining the sky.  
Among those beautiful stars.  
Cuz' in the sky, you're so high.  
There are beautiful stars which shine the night.  
She'll be dancing in the clouds and she'll be singing in the rain.  
Among those beautiful stars.

Way up in the sky.  
There are beautiful stars that shine the light.  
She'll be dancing in the clouds and she'll be singing in the rain.  
Among those beautiful stars.

Five years have passed.  
The cancer was spreading, I wouldn't last.  
So I took my last breath.

I was in the sky, oh so high.  
With those beautiful stars that shine the light.  
I was dancing in the clouds and I was singing in the rain,  
And I saw a beautiful face.

And we were in the sky, oh so high.  
With those beautiful stars that shine the light.  
We were dancing in the clouds; we were singing in the rain.  
Among those beautiful stars

We were dancing the clouds and we were singing in the rain.  
Among those beautiful stars.
