

# Angry Man

Grief

[Saint Vitus Cover]

I don't need the madness that society breeds  
I don't need the pressure comin' down on me  
Why must you always stare, I ain't no fucking clown  
Just want to live without somebody bringing me down

[Chorus:]

All I want is to live my life  
Easy and free  
I don't need  
No human bullshit  
Prejudice, down on me

Everywhere I wander, I stick out in the crowd  
Constantly fight for relief, abuse from all around  
Now my mind is twisting, contemplating revenge  
But I won't stoop to their level, I refuse to be like them

[Repeat chorus]

Hard for me to be happy with sadness all around  
Real easy to be angry, ain't no problem to frown  
You'll have to prove to me that what I say is a lie  
Cause all I see is hatred splashed before my eyes

[Repeat chorus]
