

Crazy For You

Griffin House

I think you know
I'll write you any song you want to hear
I think you know
How fragile my fear is
I think you know
How easy I get blue
I think you know
I'm crazy for you

I think you know
You're an angel when you sleep
Or how I watch you and I wonder what you're dreaming
See the corner of your mouth crack a smile
What's it meaning
It means you know
I'm crazy for you

There's something about you
I just can't put my finger on
And when the love starts
There's a sweetness running wild, it lights up the room
Hold on honey, I think I'm falling for you
I think you know
I'm crazy for you
Crazy for you
Crazy for you

Last time I saw you, you were radiating heat through my eyes
Last time I saw you, you smiled as you rode on by
Last time I saw you, it was your electricity in the air
I was dreaming, I was lost in the jungle of your hair
Ah but I think you knew, I was crazy for you
Crazy for you
Crazy for you

There's something about you
I just can't put my finger on
And when the love starts ooh
There's a sweetness running wild, it lights up the room
Hold on honey, I think I'm falling for you
I think you know
I'm crazy for you
Crazy for you
Crazy for you

There's a moment you got your light on
There's a moment you got your flash on
I think you know, I'm crazy for you
