

# Butterfly

Grimes

Big beats, black cloud  
Get it wrong, get loud  
Write a song, get down  
And everyone will know  
And everyone will know  
And everyone can go

Oh, then, get lost  
Take a shit, maybe not  
Let's sing good, he's fine  
Everything you know  
And everyone should go  
Oh-oh-oh-oh

I don't know need to know  
So, do know you want to?  
Am I just right? (Is it just right?)  
Can you see the enemy just isn't me?  
Oh, it is perfect  
It could be anything out there  
Butterflies flying in the air

Oh, no, it came  
Higher than an aeroplane  
Don't know this song  
Sweeter than a sugar cane  
Why you looking for a harmony?  
There is harmony in everything  
It's a butterfly who waits for the world

Why don't we get caught?  
Quit and sell livestock  
Heck, get an old body  
Got you moaning slow  
And everyone will know  
And everyone can go

Big bird, dimming  
Wish I could save them  
Don't know, no plan  
Everyone can go  
And nobody can know  
And nobody can know

I don't know need to know  
So, do you want to?  
Am I just (am I just?)  
Can you see the enemy just isn't me?  
Oh, baby, it is perfect  
It could be anything out there  
Butterflies flying in the air

Oh, no, it came  
Higher than an aeroplane  
Don't know this song  
Sweeter than a sugar cane  
Why you looking for a harmony?

There is harmony in everything  
It's a butterfly who waits for wind  
To fly away

If you're looking for a dream girl  
I'll never be your dream girl  
Living in the real world  
Looking for a dream girl

Oh, no, it came  
Higher than an aeroplane  
Don't know this song  
Sweeter than a sugar cane  
Why you looking for a harmony?  
There is harmony in everything  
It's a butterfly who waits for the world  
To fly away

If you're looking for a dream girl  
I'll never be your dream girl
