

# Heathen Child

Grinderman

Hey little momo  
Light as a rainbow,  
Heavy as an asteroid  
Crashed in the bathtub

Yeah, sitting in the bathtub  
Hair full of her fingers  
Hair full of her fingers

Yeah, sitting in the bathtub  
Says, "I'm scared and lonely"  
Sweet little momo says,  
"I'm scared and lonely"

Here come the wolfman  
Hey little momo  
Saying, "hey little momo"  
Saying, "hey little momo"  
Sitting in the bathtub

My heathen child  
She's a heathen child  
Yeah, she's a heathen child  
Yeah, she's a real wild child

She got a little powder  
She got a little gun  
She got a little poison  
Got a little gun  
Sitting in the bathtub  
Sucking her thumb

Says, "I don't care about Buddha  
[Don't] care about Krishna  
Don't care about Allah  
Don't care about anything"  
Just sitting in the bathtub,  
Sucking her thumb...

Cuz, she's a heathen child  
Yeah, she's a heathen child  
Now, she's a heathen child  
Yeah, she's a real wild child

[yeah... yeah, come on baby]

Oh, poor little momo  
Yeah, paddled and rowed (?)  
She's got a little powder  
Got a little gun  
Sitting in the bathtub  
Having some fun

She was raised by beasts  
and grabbed by vultures  
Oh, here come the wolfman  
The abominable snowman

Got a little poison  
Got a little gun  
Sitting in her bathtub  
Waiting for the wolfman to come

You think your great big husband will protect you, you are wrong  
You think your little wife will protect you, you are wrong  
You think your children will protect you, you are wrong  
You think your government will protect you, you are wrong

She don't care about Allah  
She is the Allah  
Don't care about Buddha  
She is the Buddha

Coz, she's a heathen child  
Yeah, she's a heathen child  
She's a heathen child  
She's a heathen child

[Yeah, someone left the bathtub running  
someone left the bathtub running]
