

Champion

Grinspoon

So you wanna be a champion!

Let's not beat around the bush
I got my hands in the air
With my head down look
Disease please pay phone the back of my car
Automatic teller
Man your gonna go far
Man your gonna go far

Flacid the best in the world
Apology glitter for the flitter with the punk girl
God knows you like it
We all know about you sucker

Man your gonna go far

Your world champion now
Your world champion now
Champion, champion

You wanna champion or be a homeboy
I'm a macho fucking number one champion
You want a champion or be a homeboy
Macho fucking number one champion
You want champion
Or be a homeboy
I'm so sorry!
