

Rock Show

Grinspoon

Would you like another pill
For printing up the dollar bills
In the end it's all the same
Keep on looking at the weather vane
Time controlling
Not worth knowing
Where the reasons' ending up it's easy to see
That no one cares, and nothing's free

You don't owe me
You can't sell that
Still controlling in the format

Get in a rock show
There's another fine reason
Get in a rock show
Yeah get in a rock show

When the joker plays another joke
The smoker takes another toke
Stars keep fallin from the sky
People watch and don't ask why
Glasses broken
Love unspoken
When the other preacher comes and rolls into town
You're looking up, you're looking down

You don't own me
You can't sell that
Still controlling in the format

Get in a rock show
There's another fine reason
Get in a rock show
There's another find rejected

You don't own me
You can sell that
Still controlling in the format

Get in the rock show
There's another fine reject
Get in a rock show
There's another fine reason
It's still all the same show
For still the same reason
Get in a rock show
There's an undefined reason...
