

## Secrets

Grinspoon

Such a pity  
You left today  
From the city  
Of broken waves  
Although  
you promised  
I've been betrayed

For some secret  
That You  
needed  
For some secret  
She's the girl that you never liked  
anyway

Kill the city  
In waterways  
In the shitty  
Brown golden  
waves  
Although you promised  
I feel betrayed

For some  
secret  
That you needed  
For some secret  
She's the girl that you never  
liked anyway
