Grizzly Bear

When I clung to you  
There was nothing to  
Hold on tight with  
You left me adrift

Colorado, Colorado, Colorado

What now, what now, what now, what now?  
What now, what now, what now, what now?  
What now, what now, what now, what now?  
What now, what now, what now, what now?

What now, what now, what now, what now?  
What now, what now, what now, what now?  
What now, what now, what now, what now?  
What now, what now, what now, what now?
