

## Fine for Now

Grizzly Bear

There was time, it took time  
Impossible  
There is time, so much time  
There is time, so much time

All of the kids on the waterfront  
Tryin' to raise their hands  
Not asking for your permission  
Please understand

We're all faltering, how do I help with that?  
If it's all or nothing then let me go  
We're all faltering, why'd I help with that?  
If it's all or nothing then let me go

There was time, it took time  
Impossible  
There is time, so much time  
There is time, so much time

All of the kids on the waterfront  
Tryin' to raise their hands  
Not asking for your permission  
Please understand

We're all faltering, how do I help with that?  
If it's all or nothing then let me go  
If we're all faltering, how do I help with that?
