

## Foreground

Grizzly Bear

Take on another shift  
Palms in the middle, hands in the middle  
Work out another rift  
Something is muffled, another chuckle

This is a foreground  
It is a foreground

A cross country miss  
Take direction, can't connect it  
I'm afraid this is  
Ten detected, nine in a wreck and

A little jetty fight  
Pattern evolving, motion insolvent  
Something about this might  
Take all evening, I'll just be cleaning

This is a foreground
