Groove Armada

I, I long to be beside of you  
I was wrong to tell you what it's true  
'Cause I know I'm a victim of my pride  
I belong to all that I've been through

I drove for miles in a city trance  
I came to ask for a second chance  
But I won't dance, no I won't dance  
I came for miles on a broken wheel  
I came to see whether love can heal  
But I won't kneel, no I won't kneel  
'Cause I can't bend, can't hold, can't lend, can't fold  
Can't lose, won't cry, can't choose, 'cause I know why I...

I came to ask for a second chance  
But I won't dance, no I won't dance  
I came for miles on a broken wheel  
I came to see whether love can heal  
But I won't kneel, no I won't kneel  
'Cause I can't bend, can't hold, can't lend, can't fold  
I get close, and get scared, and this grows in my head

Won't you give me something, something to hold  
Won't you give me something, something to hold  
Something to...
