

# Little By Little

Groove Armada

Give it out  
Give it out  
Give it out  
Give it out  
Give it away, give it away  
Give it out  
Give it out  
Give it away  
Today today today today today today today today, yeah yeah  
h yeah

Perhaps we're on own way  
Perhaps we've gone too far  
Perhaps we should slow down  
Be where we really are, really are, yeah

Today, today  
If you believe that there is no other way  
Trying living, today today  
Little by little in your own way

Today  
Little by little  
Trying living today, today, little by little  
We're in today today  
If you believe that there is no other way  
Trying living today, today, little by little  
You're on your own way

Perhaps we're on own way  
Perhaps we've gone too far  
Perhaps we should slow down  
Be where we really are  
Where we really are, ohh  
Where we really are  
Today, today, trying living today, today  
Today  
Little by little  
Trying living today today, little by little  
Be where we really are  
Little by little  
Today, today  
...Be where we really are...
