

## Your Song

Groove Armada

Don't let them take it away  
Mama Said  
Keep it down, down, down  
Put it away  
How could I roam in the song (?)  
When the words come and go

Every time I hear your song  
You fade away  
How I've tried for so, so long  
Then you will stay

Now nobody can see  
See what it means  
What it means to you  
To me and I

Don't let it fade away  
Fade away  
To the other side  
Oh yesterday

Every time I hear your song  
You fade away  
How I've tried for so, so long  
Then you will stay

Every time I hear your song  
Every time, every time  
Your song
