

Dangerous

Groove Coverage

You can light a fire in my soul
Feel so hot, till I burn like rome
Kiss me once and I will stand in flames
Like a drug you will make me fly
Promise me, livin' in a high
Till I'm hooked, addicted to your name
In my veins

It's so dangerous when I look in your eyes
It's so dangerous all your beautiful lies
You're so dangerous, rope me in with your touch touch touch
It's so dangerous feel you under my skin
It's so dangerous makes me wanna give in
You're so dangerous rope me in with your touch touch touch

All your games, play me for a fool
Mark your cards, I wont know the rules
Watch me loose all I ever had
Easy prey, you can hunt me down
Love the chase, win another crown
One more girl, for your treasury
Watch me bleed

It's so dangerous when I look in your eyes
It's so dangerous all your beautiful lies
You're so dangerous, rope me in with your touch touch touch
It's so dangerous feel you under my skin
It's so dangerous makes me wanna give in
You're so dangerous rope me in with your touch touch touch

You can't dry all the tears I've cried
For someone just like you, just like you

It's so dangerous when I look in your eyes
It's so dangerous all your beautiful lies
You're so dangerous, rope me in with your touch touch touch
It's so dangerous feel you under my skin
It's so dangerous makes me wanna give in
You're so dangerous rope me in with your touch touch touch
