

Hats Off To You (godzilla)

Groovie Ghoulies

You come out of the ocean bigger than a whale
A giant avacado with a lengthy tail
Destruction is your business and you do it well
You're a trademark demolition, anyone can tell

Hats off to you
You're a punk and you do what you wanna do
And I wrote this song for you... Godzilla

You're big, you're strong
And you're 200 feet long
You're mean, you're green
Not grey, I've seen...
