Groovie Ghoulies

People check to tell me  
What they think is right  
I don't listen to them  
Don't know day from night  
I'll go through life searchin'  
Tryin' to find the one  
I'd go slip, slip, you'd go slip, slip away

And I don't need you to help me find my way  
I can make it if I just don't see your face

Once I had a problem  
Didn't know what to do  
Now I've got no problems  
All I had was you  
Guess I'll keep on searchin'  
And try to find the one  
'cause I'd go slip, slip, you'd go slip, slip  
Away
