## 'Til Death Do Us Party

## **Groovie Ghoulies**

Here's how it is, I know the score, don't count on anything for sure.

Leave no regrets, and waste no time.

What's mine is yours and yours is mine.

'Til death do us party, let us make a pact.

No one will come between us, no one will turn us back.

No one will get in our way, no one will bring us down.

No one will make us feel like we're not worthy of the crown.

I look at things surrounding me, and I like everything I see. If it was gone, I wouldn't care, when I look over you're right

'Til death do us party.
