

All You Left Me

Ground Zero

A pillow of tears
Is all you left me
A nightmare of fear
Is all that I own
Won't you come back
Come back to me baby

I need your love beside me
I need to hear your voice again
I need your arms around me
Through those lonely nights
I just don't understand

A heart of ice
Is all that you gave me
A century of sorrow
Is all that I know
You left me and now I am stuck cleaning up
The mess all over the floor which is my broken heart

I need your love beside me
I need to hear your voice again
I need your arms around me
Through those lonely nights
I just don't understand

Dark, dark nightmares
Is all that I get now
Memories of tears
Is all that I have now
Baby I need you back
I can't live like this not unless I don't get you back

All that you left me
Was your ice cold heart
All you did was make me think
You were something magic
And all I want now is
Baby I want you back

I need to feel your love once more
I need to feel the cool breeze coming from your heart
Even though you don't care for me
I still have feelings too
And they're telling me baby
That I need you
But all you left me
Was everything you didn't want
My choice is slowly changing
Better hurry up while you have the chance
To take me back
Baby all I want is
Baby I want you back.
