Breakdown

Group 1 Crew

They say don't try to fix what I-isn't broke
But I see that you need a fix in your soul
We-we don't like to play politics it's a joke
So we pu-pushin envelopes, envelopes

[Pre-Chorus:]
Ain't nobody stoppin the music until we fill up the floor
It's the type-a music he created so you need to let go, go, go-go-go

[Chorus:]
See the flashin lights
Clock is losin time
Gotta shake it off this feeling's takin off
Cause everybody's waiting for the breakdown

You can you can make it make it happen while we rappin rappin
See the flashin' lights and camera cameras so let's have some action

You can find me in a black SC goin over 60 with the windows down
Anybody thinkin oooh who's he with the dope dope beat tell me what's that so
und
G1C with the chop chop beat goin' mad crazy you can see it see it
We so so sick with a boom boom hit gotta do do it cause we need it need it

[Pre-Chorus:]
Ain't nobody stoppin the music until we fill up the floor (Here we go to the
 bass go, keep feel'em)
It's the type-a music he created so you need to let go, go

[Chorus: x2]
See the flashin lights
Clock is losin time
Gotta shake it off this feeling's takin off
Cause everybody's waiting for the breakdown

It's impossible to put a stop on this trio
And if you haven't heard make sure that you let someone know
Get the sunblock cause we hot
A unique breed is unlocked
We on the block cause we rock
Hard like the school of knocks

This ain't ya typical, typical, group that you heard it's a miracle,
Little bit a funk with a whole lotta soul that'll bump da bump on ya radio,
simmer simmer down all you ha-ter-ters
Didn't lose our sound we just got better, beat so cold did my verse like brr
r, still spent life so forget what you heard

See the flashin lights
Clock is losin time
Gotta shake it off this feeling's takin o'ff
Cause everybody's waiting for the breakdown
 (2x)

The flashin lights are bright
The clock is losin time
Waitin for the breakdown

You don't got to be afraid
Let the music take it away
Cause everybody's waiting for the breakdown
