

Come Back Home

Group 1 Crew

Lord I've got a problem
And I can't find the solution- no
I'm seeing all these people
Always searching for improvement
We're always looking for that next thing to satisfy
But all I see is broken hearts, so many sleepless nights
Help me Lord to help them
Heal that empty feeling inside and we say

Chorus:

So if you really want to know who you are
No more wondering and looking so far
The truth is right in front of you- don't let it go
You need to- come back home
Cause everything you need you can find in Him
Faith in yourself to believe again
Don't let all this time just pass you by
You need to- come back home

No I don't wanna be alone no
I can't do it on my own no...

I'm lookin' all around the world and trying to find who I am
And realizing more and more that it's the plight of all man
I wanna know what am I here for and where do I stand
Within the scope of all eternity and destiny's plan
I keep replaying all the things they told me when I was young
That I could be whatever I wanted to be
But I'm far from the dreams I had
Cause all I ever seem to feel is bad
I'm trying not to be like dad
Or trying to follow every fad - no

From young to oldest we've all
Asked ourselves the same question
Questioning if there's something more
Then where we all have been
Many have spent their lifetime
In research to find solutions
For the purpose of man-kind
And what's the real reason
Why we're here and why do
We operate the way we do
And why do continue to
Wonder with out any clues
We won't put up no more with
Those who try to make us clones
We find ourselves in the blood
Of He who sits on the throne

So, so lost I just can't find my way
Lord I really need you to help me
So, so lost I just can't find my place
