

Live Out Loud

Group 1 Crew

Yeah, exclusive hotness for all my listeners
From Group 1 and, ooh
Here we go, come on

Hey, is this thing on, man?

Hey, checka, checka, mic check one, two
Let me break it diggy down for you
We don't think that we anybody cool
But hey, we just do what we do

God made us unique and so sweet
So we confidently re-rep this beat
Please don't mistake my swag for the vanity
Believe, my faith runs too deep

I go bananas, not to draw attention
But to remind you where I come from
X thug, now I love more than some
Get one, giving hugs when I'm done

Give an autograph not because I'm a star
But 'cause a lil' bit of nice goes far
You can love my style, love my car
And I'll show you how I love my God

Turn it up, live your life loud, bring the noise
Turn it up, you're one of a kind, lift your voice
Turn it up, don't be shy now, girls and boys
Live out loud

Turn it up, till the speakers go thump to thump
Turn it up, everybody, do what you want
Turn it up, don't be shy now, bring the funk
Live out loud

Hey, hey, you were not meant to
Be, be like anybody else 'cause
He, He, made you unique and
It's a bit of a fail if I want you like me

Can't believe the way you made me
Came out so beautifully
Everything you put inside me
Belongs there so naturally

The world tried so hard to change me
Just to fit inside the mold
But I'd rather be the wonder
That you made, though I've been told

It's the way you move, the way you talk
That makes you who you are
But I'm not gonna let them change me
Into someone they want

'Cause I've been made to shine to change your mind

To question what they say is right
We all were made for something
That's so beyond my mind

Turn it up, live your life loud, bring the noise
Turn it up, you're one of a kind, lift your voice
Turn it up, don't be shy now, girls and boys
Live out loud

Turn it up, till the speakers go thump to thump
Turn it up, everybody, do what you want
Turn it up, don't be shy now, bring the funk
Live out loud

Who would of though I'd be on your TV
Rockin' the M U L L E T
3 Latinos, no, not family
But 3 amigos on the M I C

See, I'm convinced that my heart's at ease
Since my God has predestined me
To be all like be like the army
I just stepped up and took it so gladly

Now, here's the interesting part to the story
Christ came and He bought us back for His glory
The same chances I got, you got it, homey
Why you think I opened the door? It wasn't for me

It's for my brothers and my sisters
That are caught up in the mixture
Your life is the bigger picture
Don't doubt that you're a star

'Cause I've been made to shine, to change your mind
To question what they say is right
We all were made for something
That's so beyond my mind

Turn it up, live your life loud, bring the noise
Turn it up, you're one of a kind, lift your voice
Turn it up, don't be shy now, girls and boys
Live out loud

Turn it up, till the speakers go thump to thump
Turn it up, everybody, do what you want
Turn it up, don't be shy now, bring the funk
Live out loud

Yeah, uniqueness is your destination, ya'll
And the world's been waiting for you to get there
We all were made to be one of a kind
The genuine article, turn your life up

Turn it up, that's how we do it
Turn it up, now's the time to live loud
Turn it up, we gotta bring it up, ya'll

Turn it up, there's so much more for us
Turn it up, we just gotta realize it
Turn it up, turn your life up
Live out loud

Turn it up, live your life loud, bring the noise
Turn it up, you're one of a kind, lift your voice
Turn it up, don't be shy now, girls and boys
Live out loud

Turn it up, till the speakers go thump to thump
Turn it up, everybody, do what you want
Turn it up, don't be shy now, bring the funk
Live out loud

Turn it up, live your life loud, bring the noise
Turn it up, you're one of a kind, lift your voice
Turn it up, don't be shy now, girls and boys
Live out loud

Turn it up, till the speakers go thump to thump
Turn it up, everybody, do what you want
Turn it up, don't be shy now, bring the funk
