

Night Of My Life

Group 1 Crew

The summer sun set for good today,
And I'm so burnt out.
Don't need to worry what tomorrow brings,
Let's live our lives now.

So let's go.
While the nights still young.
Hit the floor.
'Till that DJ's done.
Lose control.
Gotta check to blow.
Cuz tonight, we on paparazzi mode.

I'd trade each day of my week away,
just to have the night of my life.
I'd trade each day of my week away,
just to have the night of my life.
Of my life, life tonight.
Of my life, life tonight.
Just to have the night of my life tonight.
I'm gonna have the night of my life.

You can catch me in your city
with my chick lookin' pretty.
Got no time, I'm stayin' busy on my grind.
And it's a pity, all these cats be like,
"Who be is he?", I reply, "None ya busy."
No one getting tipsy cuz we drivin' people crazy.
Night is young, call it "Baby".
Have some fun, yodelayhee.
Who done got these speakers talkin'?
What they say, "Gotta play me".
'Till the party people hit the floor,
We goin' rock it baby.
We goin' rock it baby.

I'd trade each day of my week away,
just to have the night of my life.
I'd trade each day of my week away,
just to have the night of my life.
Of my life, life tonight.
Of my life, life tonight.
Just to have the night of my life tonight.
I'm gonna have the night of my life.

I walk these streets like a runway,
Even though I'm kinda clumsy.
It don't matter cuz tonight, everybody's somebody.
VIP International.
Feelin' so fantastical.
Everybody get together, tonight will go forever.

So let's go. (So let's go...)
While the nights still young.
Hit the floor.
'Till that DJ's done.
Lose control.

Gotta check to blow.
Cuz tonight, we on paparazzi mode.

Monday, Tuesday, it doesn't matter
if it's Wednesday, Thursday,
as long as we're together.
Friday, Saturday, it doesn't matter.
It's the time of our life.

Just to have the night of my life, life tonight.
Just to have the night of my life, life tonight.
I'm gonna have the night of my life.
