## What Yo Name Is

## **Group 1 Crew**

Yo introducing the improvement of a natural act You hear this beat drop and watch it move the front to the back And it? s actually time to react to a crew that? s in fact Bringing back the illest raps we know the industry lacks

So what you know about this hotness Standing in the back bumpin? fists, I bet you didn? t know That we would come with this, hip-hop with a twist Hey DJ you better make 'em dance to this

Turn it up, turn it up, put down all your stuff Not sweatin? hard enough you gotta work it up Here we go to the floor, I tell you once more Chop it up 'cause you standing like a vegetable

Hot like safari, shop like a Gotti We walk in and shock everybody Me and my boys, ya we rock the party Soon as we start to run everybody say

Ooh, what yo name is, who you came with? Can? t stop movin' your crew they make me say Ooh, where your team stay, can you work with me? Just come with us and let us lead the way

We got that swagga that? s hotta than summer time in Nevada We rockin? shows that are harder than most of the stars y'all follow Ain? t to stopping the power of three destined by the Father only To make y? all sing a melody that carries volume

We laid low for a while but we couldn? t hide the style Of two emcee? s a vocalist who bring that funky sound Check your local listings 'cause we comin? to your town Bringing something new that got the earth shaking its ground

See who you know can rock a crowd the way we do Then go to Cali and make Hollywood pump its fists too Fill up a secular venue and get love from them too And not for a moment ever have to sacrifice the truth

Hot like safari, shop like a Gotti We walk in and shock everybody Me and my boys, ya we rock the party Soon as we start to run everybody say

Ooh, what yo name is, who you came with? Can? t stop movin' your crew they make me say Ooh, where your team stay, can you work with me? Just come with us and let us lead the way

Due this is Group 1, one mind better believe that we on time Never we bringin? the weak rhymes baby you know these are hot lines Mind over matter batter-up get a grip Our God is wit it, get it krunk and play it loud in your whip

They call us spiritual but miracles are all we predict When spiritually we turn our faith into a physical hit

And got the whole world askin? who we are and our click It? s quick to admit that He? s the reason why we exist, it's like

Ooh, what yo name is, who you came with? Can? t stop movin' your crew they make me say Ooh, where your team stay, can you work with me? Just come with us and let us lead the way

What yo name is, who you came with? Where your team stay?
