

Betty's a Bomb Shell

Grouplove

Betty's a bombshell, she just got paid
Crossing the street on passion and gates[?]
Billy's a looker, he's from upstate
He ran into Betty and he took her on a date

And it's a
Sunny day, we will
Go away on a
Holiday
It's a
Sunny day, we will
Go away on a
Holiday

And it's okay
All the suffering obliterates our speed
But don't you wait (don't you wait)
For the faster you let go you will receive
What you need

Betty said, "Billy, why you making that face?
Since you moved in, you've been on a different page.
You've been out of commission, hiding in the kitchen
Freddy came over and you couldn't even listen."

It's a
Great escape from your
Heartache, it's your
Rebate

Rebate

And it's okay
All the suffering obliterates our speed
But don't you wait (don't you wait)
For the faster you let go you will receive
What you need
And it's okay
All the suffering obliterates at speed
But don't you wait (don't you wait)
For the faster you let go you will receive
What you need

Uh-uh-uh

And it's a
Sunny day, we will
Go away on a
Holiday

It's a...holiday.
