

# Heart of Mine

Grouplove

Won't you find this little heart of mine  
I buried it deep inside  
Next to my lazy eye

Oh won't you be  
(Hey!)  
Oh won't you be

In my life, talking 'bout all the time  
Everything feels so right  
You're such a friend of mine

Oh won't you be  
Standing next to me  
Yeah, won't you find  
This little heart of mine

There's a fire across the bay  
My mind was made of

There's a fire across the bay  
My mind was made of

So won't you be  
Standing next to me  
Yeah, won't you find  
This little heart of mine
