

Save the Party

Grouplove

I'm going to bed early bird
Nothing else seems to work
Yeah, I'm going to bed early bird
Save the party for me

Daddy came down yes he really came down
Daddy came down yes he really came down

Yeah, I'm going to bed that's for sure
Something always seems to hurt
Yeah, I'm going to bed early bird
Save the party for me
Save the party for me

Daddy came down yes he really came down
Daddy came down yes he really came down
Daddy came down yes he really came down

You could have it all
You could have it all

I'm going to bed early bird
(You could have it all)
I'm going to bed early bird
(You could have it all)
Save the party for me
(You could have it all)
I'm going to bed early bird
I'm going to bed early bird
(You could have it all)
Yeah, I'm going to bed early bird
Save the party for me
(You could have it all)
