

## Slow

Grouplove

Time moves slow  
Time moves slow  
Time moves slow

But it's you who brought me here  
You, through all these years

Time moves slow  
Time moves slow

But it's you who brought me here  
It's you and all your cheers  
You who brings a fear  
You, through all these years

Time moves slow  
Time moves slow  
Time moves slow  
Time moves slow
