

# Triumph Of The Dead

## Gruesome Stuff Relish

Triumph of the dead around the world  
Abomination of tortured souls  
Our life ends the death arise  
We seek the light but the gods are on their side

Desolation, hell on Earth  
Gruesome, bloodfeast of human flesh  
Devouring humans eating their brains  
Increasing the army of the living dead

Putrid corpses  
Dismembered entrails  
Hacked to death  
No escape

New world order of zombies  
It's the triumph of the dead
