I See Moe

Guadalcanal Diary

I see Moe, I see Moe Sometimes when I look in the mirror I see Moe

I'm alone, I'm all alone But I never see Larry or Curly I just see Moe

I don't know what's wrong, Moe is dead and gone But part of him lives on in me

Now I got friend, yeah that's for sure But Larry and Curly don't come around much anymore

I don't know what's wrong, Moe is dead and gone But part of him lives on in me

And I see Moe, I see Moe Sometimes when I look in the mirror I see Moe
