

# Let The Big Wheel Roll

Guadalcanal Diary

Five o'clock shadow seven days a week  
I wear my hat to breakfast, and breakdance in my sleep  
Grab my keys, spin that wheel

People everywhere going crazy  
I'll have to stand in line  
Money burning holes in my shrink-fit 501 Levi's  
Let the big wheel roll  
Let the damn big wheel roll

The Maidenform Woman cooks my dinner right  
Spilled wine cooler on the bar, Rosie got uptight  
Set me free, spin that wheel

People everywhere getting lucky  
Making with that Big League Chew  
Guess I'll just trade for what's behind door number two  
Let the big wheel roll  
Let the damn big wheel roll

I drive a jacked up four wheel drive  
Feel big like Mr T  
The babe that's riding shotgun  
She's a teenage sex machine

People everywhere getting happy  
No need to break in line  
Just jump in on the chorus  
And don't get out of time  
And let the big wheel roll
