

# Fire in Your Eyes

Guano Apes

Hey you there, how you doin'  
Can I ask you something  
Are you dead or alive  
I saw you running through the night  
And like always you eat and you're are watching TV  
You don't look that good or is something wrong with me  
I can't wait until you operate  
And now you hide in the bed and you're not coming out  
Why is it so hard now  
Do you want me to give in  
Do you want me to wash it down for you tonight

When you're drifting slowly away  
I'll be here to bring you the day  
With fire in my eyes  
I'll be that fire in you're eyes  
When you hide yourself from the light  
I'll be here to burn you inside  
With fire in my eyes  
That fire in your eyes  
And I just keep on filling up with all my love

Somebody put you on the hot track  
Just one way to go  
A fire injection  
From heart into you're soul  
So you don't get hurt when you will fall

When you're drifting slowly away  
I'll be here to bring you the day  
With fire in my eyes  
I'll be that fire in you're eyes  
When you hide yourself from the light  
I'll be here to burn you inside  
With fire in my eyes  
That fire in your eyes  
And I just keep on filling up with all my love

And you know I am right  
I'm looking for your light  
And running after you, I'm running after you  
And you know I was right  
I'm looking for your light  
And running after you, I'm running after you  
Come on  
Come on  
Come on  
Come on

I see the fire in your eyes  
I see the fire in your eyes

When you're drifting slowly away  
I'll be here to bring you the day  
With fire in my eyes  
I'll be that fire in you're eyes  
When you hide yourself from the light

I'll be here to burn you inside  
With fire in my eyes  
That fire in your eyes  
And I just keep on filling up with all my love
