

# The Long Way Home

Guano Apes

I'm gonna drive us to the oceanside  
We've been waiting here for too long, yes  
When the mountains sing their songs to us  
I am right here where I belong

I hear them sing  
I'm gonna take the long way home  
Do you hear them sing  
I'm gonna take the long way home,  
Yeah

I'm a traveller and I take my time  
Even the water is not cold, yes  
We're gonna drink the sea and eat a dine  
Down here I will slow your world

I hear them sing  
I'm gonna take the long way home  
Do you hear them sing  
You'll never gonna be alone

Yeah

I'm grow up through the storm  
I want to kiss and follow  
I wanna be  
I want to kiss and hollow  
I wanna be  
I'm grow up through the storm

I hear them sing, hear them hear them  
I'm gonna swim into the storm  
So if you hear them sing  
I'm gonna take the long way home
