

# Tiger

Guano Apes

I know the coolest cat  
She's living high on a mountain  
Here she comes again  
A pocket full of stories to be heard

She once married a wolf  
I guess he's one in a million  
Here she comes again  
Her heart on the tongue  
She's rollin like a stone

Cause I'm out to a point where I have to say  
that the tiger's around and I love her ways  
Yeah I'm out to a point where I have to say  
That the tiger's a mess and it saved my days

I'm dancing with you baby  
I'm dying when you cry  
Angel's with you baby  
But the dragon's on your side

You're the fire  
Cause we were born to run with the wild  
You're the fire

I love to run with the tiger  
Cause you're the dragon's friend  
And when they burn again  
There's nothing in this world  
They have to fear

You're the beauty rose ?  
Like I always told ya  
And I feel I got  
Cat is always landing on her paws

I gotta say it  
You're always been my favorite girl  
I gotta say it  
You've always been my favorite girl

I'm dancing with you baby  
I'm dying when you cry  
Angel's with you baby  
But the dragon's on your side

You're the fire  
And you were born to run with the wild  
You're the fire  
And you were born to run with the wild  
We're the fire  
Cause we were born to run with the  
Do it right, do it right, do it right  
Baby  
Do it right, do it right, do it right  
Baby
