

Something is wrong inside the family of light.
"Wonderful": Just a scam, not the truth.
Tomorrow she will fall like many before.
Now it is done, step out of misery.
Another feels him call...
Many aggressive: followed a leader:
A voice had brought their souls inside.
Now he is opposing, sending a message:
Opening their eyes.

Delacroix.
What a shock before her eyes: No more!
He wants to take away her life!
Another joins them all...
No more oppression, no more deception,
She will not catch their souls again.
Freedom is calling, her tide is turning:
Opens her eyes...
Now war within. Will they win?
I can not see.
This was not the dream, as I wanted it to be.

Now war within. Will they win?
I can not see.
This was not the dream, as I wanted it to be.
Oh what a fight. War within.
It could not be that this was the end to be.
What a sight...
