

## Better Baby

Gucci Mane

I know that I need ha  
But dont know how to treat ha  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
Though I wanna keep ha  
Be jealous if she leave uh  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
And I cant hold you back baby

I really think I love her but  
I dont think I know I could  
I know I wanna fuck her but  
Really thinking if I should  
How can I believe her  
I dont even believe myself  
Tell me how to trust her  
I cant even trust myself  
And I cant live alone  
At the end of the day cant fuck myself  
I told her Im confused  
And she told me to go fuck myself  
Now Im alone in this world  
Nothing left but me  
But I was born all alone  
So I guess thats how its meant to be  
But she was sent to me  
And I didnt recognize  
And I blame it on ma pride  
On a fact gon send aside it  
Eyes redder than a rose  
Heart bluer than a violet  
My heart broke and Im heartless  
And aint no need to hide it (Gucci)

I know that I need ha  
But dont know how to treat ha  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
Though I wanna keep ha  
Be jealous if she leave uh  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
And I cant hold you back baby

A heart breaking is heart broke  
Imma tell the truth cause we grown folks  
Why you lookin through ma phone fo  
Thats why we ended up none more  
You done know me like Chan Doe  
Done left me up in my condo  
Looking for you like Wardo  
My nose open like Gunzo  
I think I love her I dont know  
I like her alot but she loco  
She crazy, swaggered up,  
I try to hug her she want more

In and out ah town all the time  
She in and out ma mind all the time  
I cant lie baby girl stupid fine  
But Im out the tush got that stupid grind  
She loves me now or she loves me not  
Treat me cold no she treat me hot  
Caramel but not apricot  
Got one chance wont miss the shot  
I know she special yeah alot  
I know someone might take ma spot  
Cant lie it may hurt alot  
But uh she need a man or not (Its Gucci)

I know that I need ha  
But dont know how to treat ha  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
Though I wanna keep ha  
Be jealous if she leave uh  
But you deserve better baby, better baby, better baby  
You deserve better baby, better baby, better baby  
And I cant hold you back baby
