Gucci Mane

I got a Robin jean saggin', and I ain't even braggin'  
I gave the bitch five hundred, fuck it I ain't even cryin'  
Now I'm gettin' older rocking Gucci, Louis 'loafers  
I still remember the first day that I ain't had to serve swoll  
You brought sand to the beach, I brought toast to the source  
I did ya girlfriend a autograph, Gucci Mane pose  
It ain't no muthafuckin' secret, hell yeah I got shooters  
I'm the plug to the plug, I'ma goddamn boost  
You ain't no muthafuckin' gangsta, you's a goddamn moofer  
And you gettin' in the way cause your homegirl choosin'  
on my birthday Gucci want a brand new uzi  
on my worst day I'm worth ten mill no jewelry  
Killa's waitin' in the bushes just to tie ya ass up  
Gave my young nigga a gun and told 'em to fire yo ass up  
Seems like everywhere you go somebody try ya ass up  
I got real money nigga, I can buy my own luck  
Headshots (2x)  
All my young niggas aiming headshots  
Headshots (2x)  
Put a dub on yo head

Yo son call you a dead beat  
Stepped on my feet, nigga you dead meat  
I'm grinding up this ground beef  
I think they just wanna surround me

Holding on my dick, Michael Corleone bitch  
Headshot like Fredo, fuck nigga don't flinch  
The empire back, the empire back  
I got some whip out in foltin, my brick just keep boucin' back  
Killa's waitin' in the bushes just to tie ya ass up  
Gave my young nigga a gun and told 'em to fire yo ass up
