

# I Can't

Gucci Mane

Southside

If Young Metro don't trust you, I'm gon' shoot you

Let me just say this out the gate

I'm the nigga everybody love to hate

I'm the hustler every stripper wanna date

But I just wanna cut a check 'cus I can't wait

Most of these rappers groupies and I can't relate

Stay in line 'fore this chopper get you scraped

I got a problem, I'mma say it to your face

And fuck your bottom, I'mma shoot you in your face

They want me to apologize, but I can't

You can talk about homicides, but I can't

You pillow-talking to these bitches, but I can't

You niggas snitchin' on your partners, but I can't

You let a nigga disrespect you, but I can't

You might get turned the other cheek, but I can't

You suckers rockin' fake jewelry, but I can't

I know they wait for me to fall, but I can't

Oh that's your girl? That's your world, I'm with her tonight

A rich nigga smilin' It's so pearly white

It's the burr (burr burr burr) rockin' fur tonight

On my to the floor, call me sir tonight

Think what you wanna think, but you can't break a bank, fool

Can't let a nigga go, she know I keep her bank full

She wanna start a home with me, but I can't

She think that I'm her cup of tea, but I ain't

See, I'm the type to think her shit doesn't stink

The new ice cream has to compete without the tank

Fresh out the boat, but she's a freaky, not a saint

A stowaway, so I'mma make her walk the plank

They want me to apologize, but I can't

You can talk about homicides, but I can't

You pillow-talking to these bitches, but I can't

You niggas snitchin' on your partners, but I can't

You let a nigga disrespect you, but I can't

You might get turned the other cheek, but I can't

You suckers rockin' fake jewelry, but I can't

I know they wait for me to fall, but I can't

I'm on that rich nigga shit, I drop some bread on that bitch

All these stones, man you'd think we're in this bitch

I done shown this bitch so much, that I got scared of this bitch

She done seen so many memes I might go as a snitch

I need a mistress, the type to give me head 'til she sick

I told her, "please stop sucking on me", I was begging the bitch

I was worth like half a million when I came in this shit

I'm a eight figure nigga now, I'm trained for this shit

Back to all these walks on I look like in this bitch

My life's a documentary, I feel like Game in this shit

So many of my partners turned I'm so ashamed of my clip

But I can't never be a snitch, I'm too attrained for this shit

They want me to apologize, but I can't
