Her hair down to her asshole, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
Her ass all on her back, yeah I love that shit

Make a nigga spend his last like a hole in his pocket  
Swole overload, Jenny from the block  
Bitch, I wanna enter every hole that you got  
Sugar daddy Gucci, I'm holding a knot  
You can't even fathom all the hundreds I got  
I'ma give you money if you want it or not  
A red droptop Phantom just swerved in the lot  
Guwop got a sack, have you heard it or not?  
And they gon' fuck with Wop rather they nervous or not  
Baby, you gon' give me the service or not?  
Cause' that's a big factor if we splurging or not  
Why your friend tryna' block for? She know you a thot  
It ain't nuthin' wrong with fucking Gucci on the top  
Diamonds draped all over me, so drink me on the rocks  
This bitch so fucking nasty, I might buy this bitch a watch

Her hair down to her asshole, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
Her ass all on her back, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
Her shoe game is fantastic, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
She don't fuck with broke niggas, yeah I love that shit

Where she go? There she go  
Perico straight from Mexico  
Ten kilos called up Frederico  
Woo, ready go, gave Wop some Top like there he go  
Word to granddaddy Q King  
Can't do couple old hoes acting new  
The clothes on The coming soon  
I be living life cautious  
Keep it moving like motion  
Keep it smooth, I'm like lotion  
We've been like notions  
Why these niggas like vultures?  
Dang, these bitches got motives  
So much Gucci on the loafers  
I'ma turn into the spokesman  
Oh, me and Guwop linked up with the mob  
I say Guwop let's hit the block  
Linked up in Dubai

Her hair down to her asshole, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
Her ass all on her back, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
Her shoe game is fantastic, yeah I love that shit  
I just jumped out the whip with a bad little bitch  
She don't fuck with broke niggas, and I love that shit
